

## NADEL UND FADEN IGŁA I NITKA

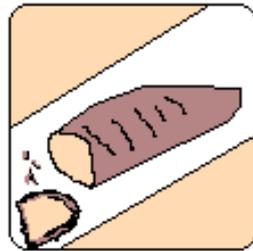

Anbei stellen wir Ihnen zu den Zwecken des deutsch-polnischen Jugendaustausches ein Beispiel eines Memory-Spiels zur Verfügung. Das Memory-Spiel hat die Aufgabe, Jugendlichen auf eine angenehme Art und Weise die jeweilige Fremdsprache beizubringen. Herunterladen, zu eigenen Zwecken anpassen, entsprechend verändern, ausdrucken und den Jugendlichen in die Hand geben!

Poniżej znajdują Państwo przykład gry »pamięć« na potrzeby polsko-niemieckiej wymiany młodzieżowej. Gra »pamięć« ma za zadanie w sposób bardzo prosty i przyjemny przybliżyć młodzieży obcy język i ułatwić porozumienie. Nie pozostaje więc nic innego, jak zapisać grę na dysku, opracować, dostosować do potrzeb, wydrukować, pociąć i dać młodzieży do ręki!
